About Riffage

# Jazz/Swing

## 8 Bold Souls

The strange synergy of woodwinds, tuba, cello, bass, trumpet and trombone evoke foreboding senses of panic, then ease into beautiful moments that are supported by epic arrangements. For those who like a healthy dose of freedom in their jazz, 8 Bold Souls shifting meters and layered textures create an emotional journey.

### WHAT IS JAZZ / SWING?

Jazz -- dubbed America's classical music thanks to its sophisticated chord changes, intricate rhythms and a high degree of improvisation -- is now a diverse musical form that encompasses everything from free-form to fusion, from hard-hitting be-bop to the jazz-light meanderings. Swing could be called jazz music you can dance to. Tying them both together is a blues-based harmonic structure and a requisite technical mastery of the instrument. Find your music by band or song name, or by Riffage ratings.
